Min största styrka/My biggest strenght:

I have been part of valutskottet for three semester and I didn't miss a single meeting. I also love the Landskaps. And the fika.

Min största svaghet/My greatest weakness:

I once forgot the fika.

Varför jag har sökt det här ämbetet/Why I am running for this post:

I enjoy organizing Landskaps and think its a fun way to stay engaged in the nation.

Något jag vill åstadkomma med mitt ämbete om jag blir vald/Something I want to achieve if I am elected

Even bigger and better Landskaps
